

# Amines & Diazonium Salts

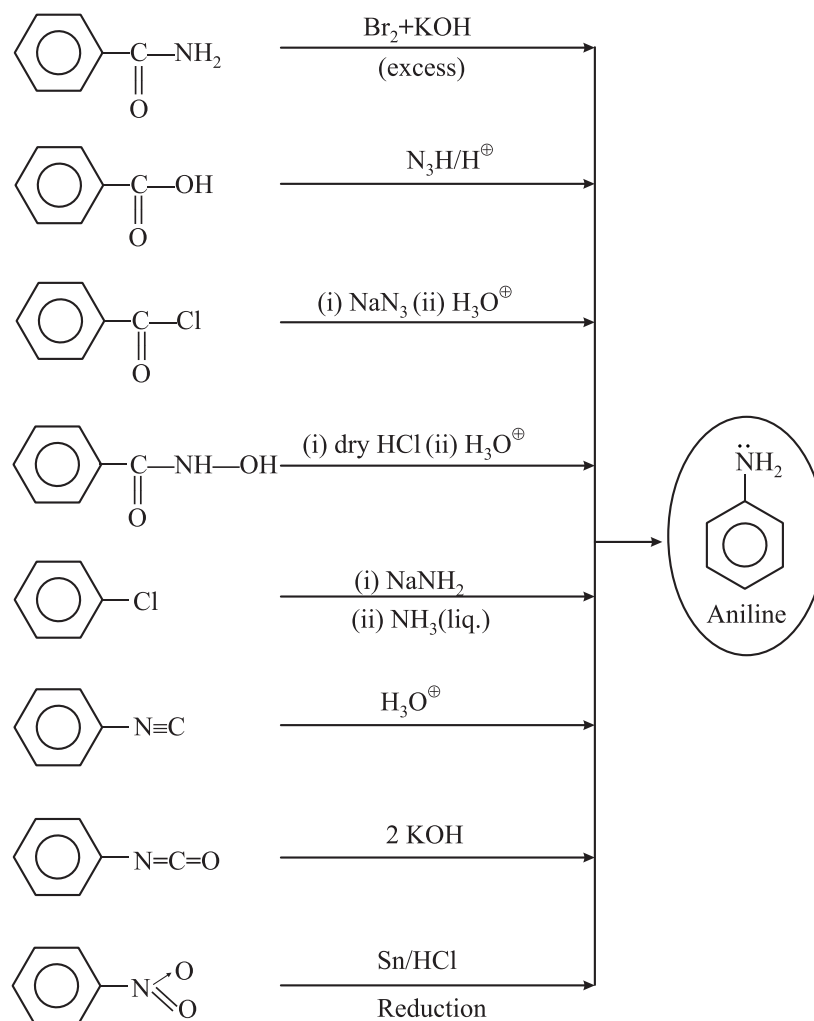

## Preparation of Alkyl Amines

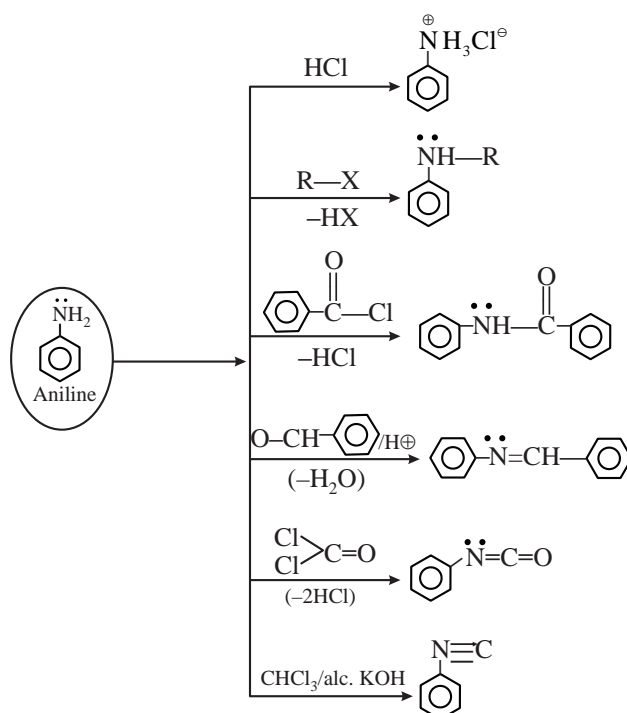

## Chemical Reactions of Amines

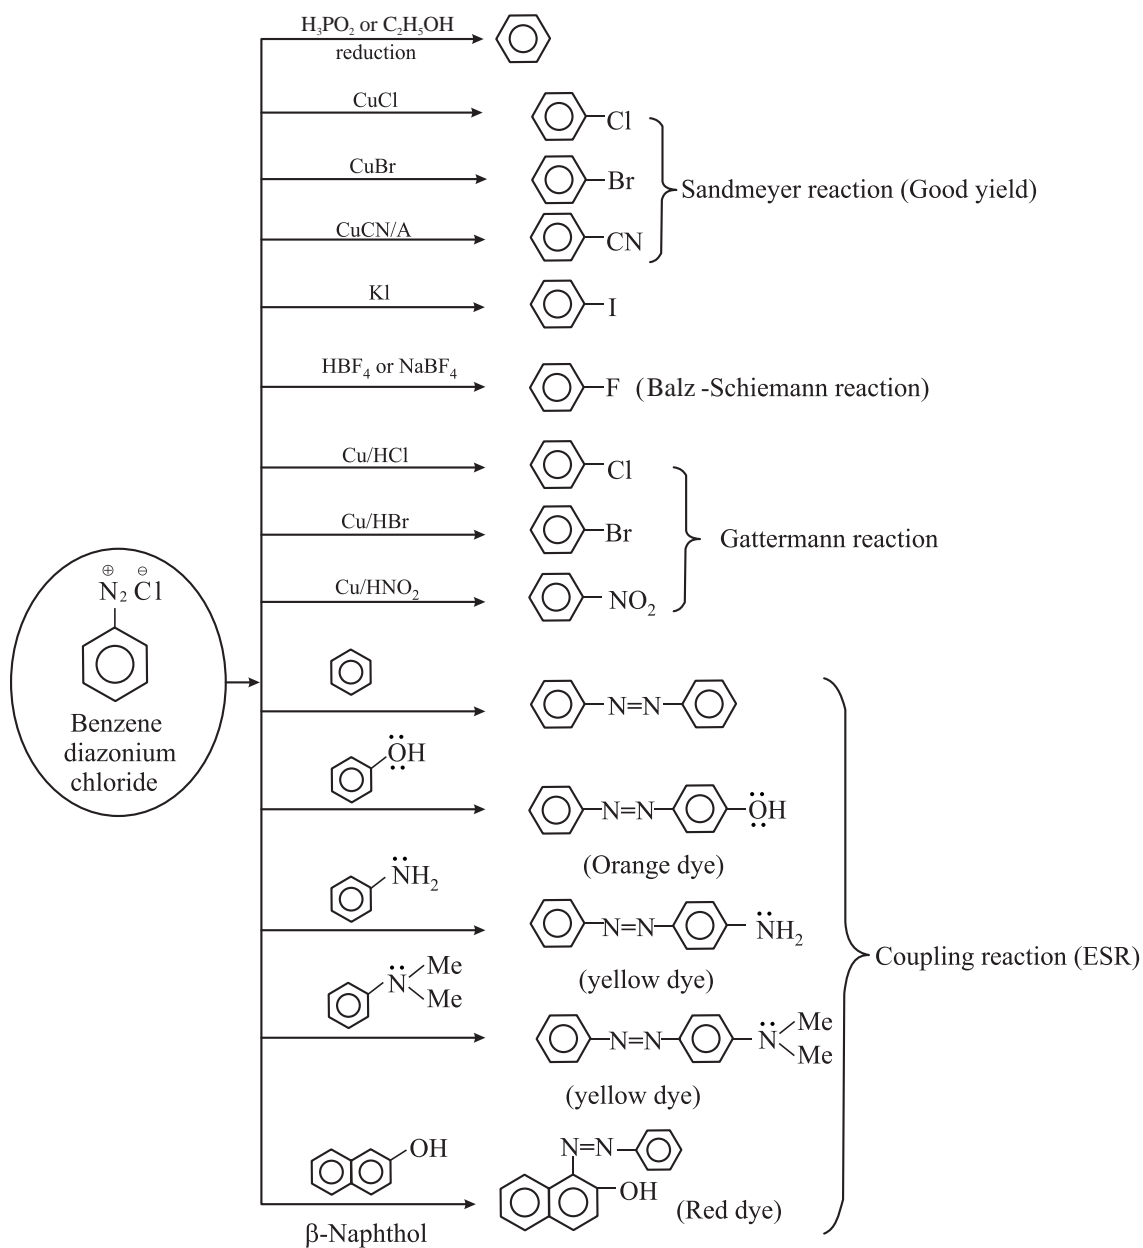

## Reactions for Formation of Aniline

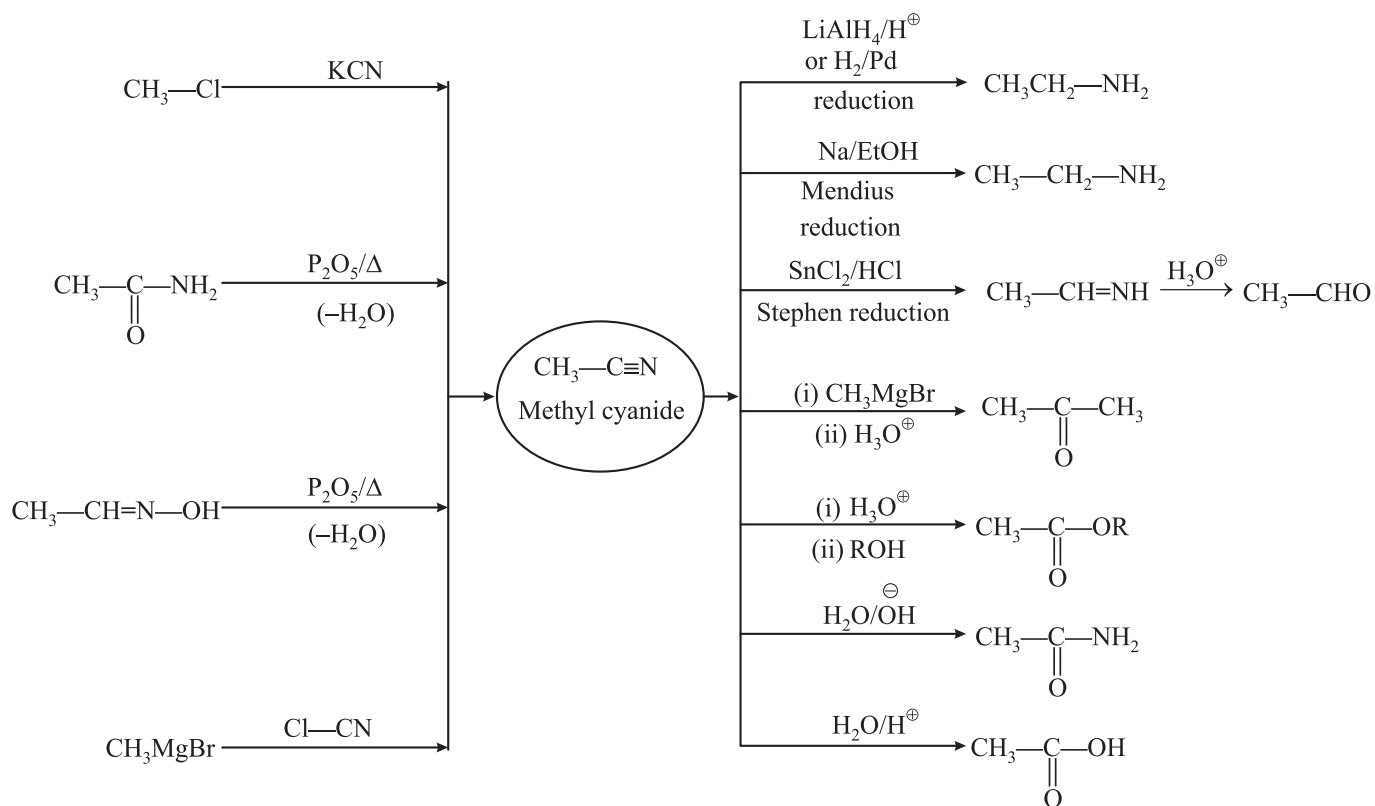

## Chemical Reactions of Aniline

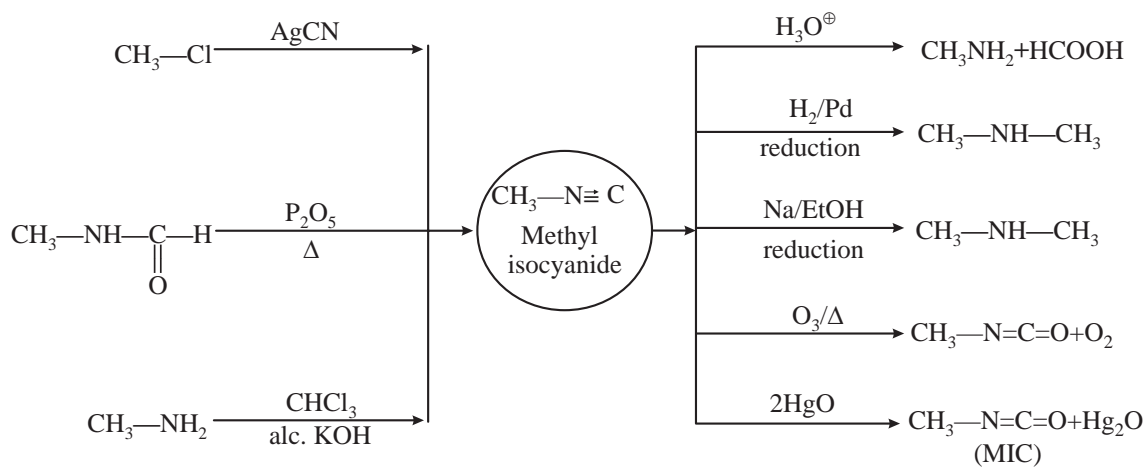

## Benzene Diazonium Chloride is used in the Synthesis of Following Aromatic Compounds

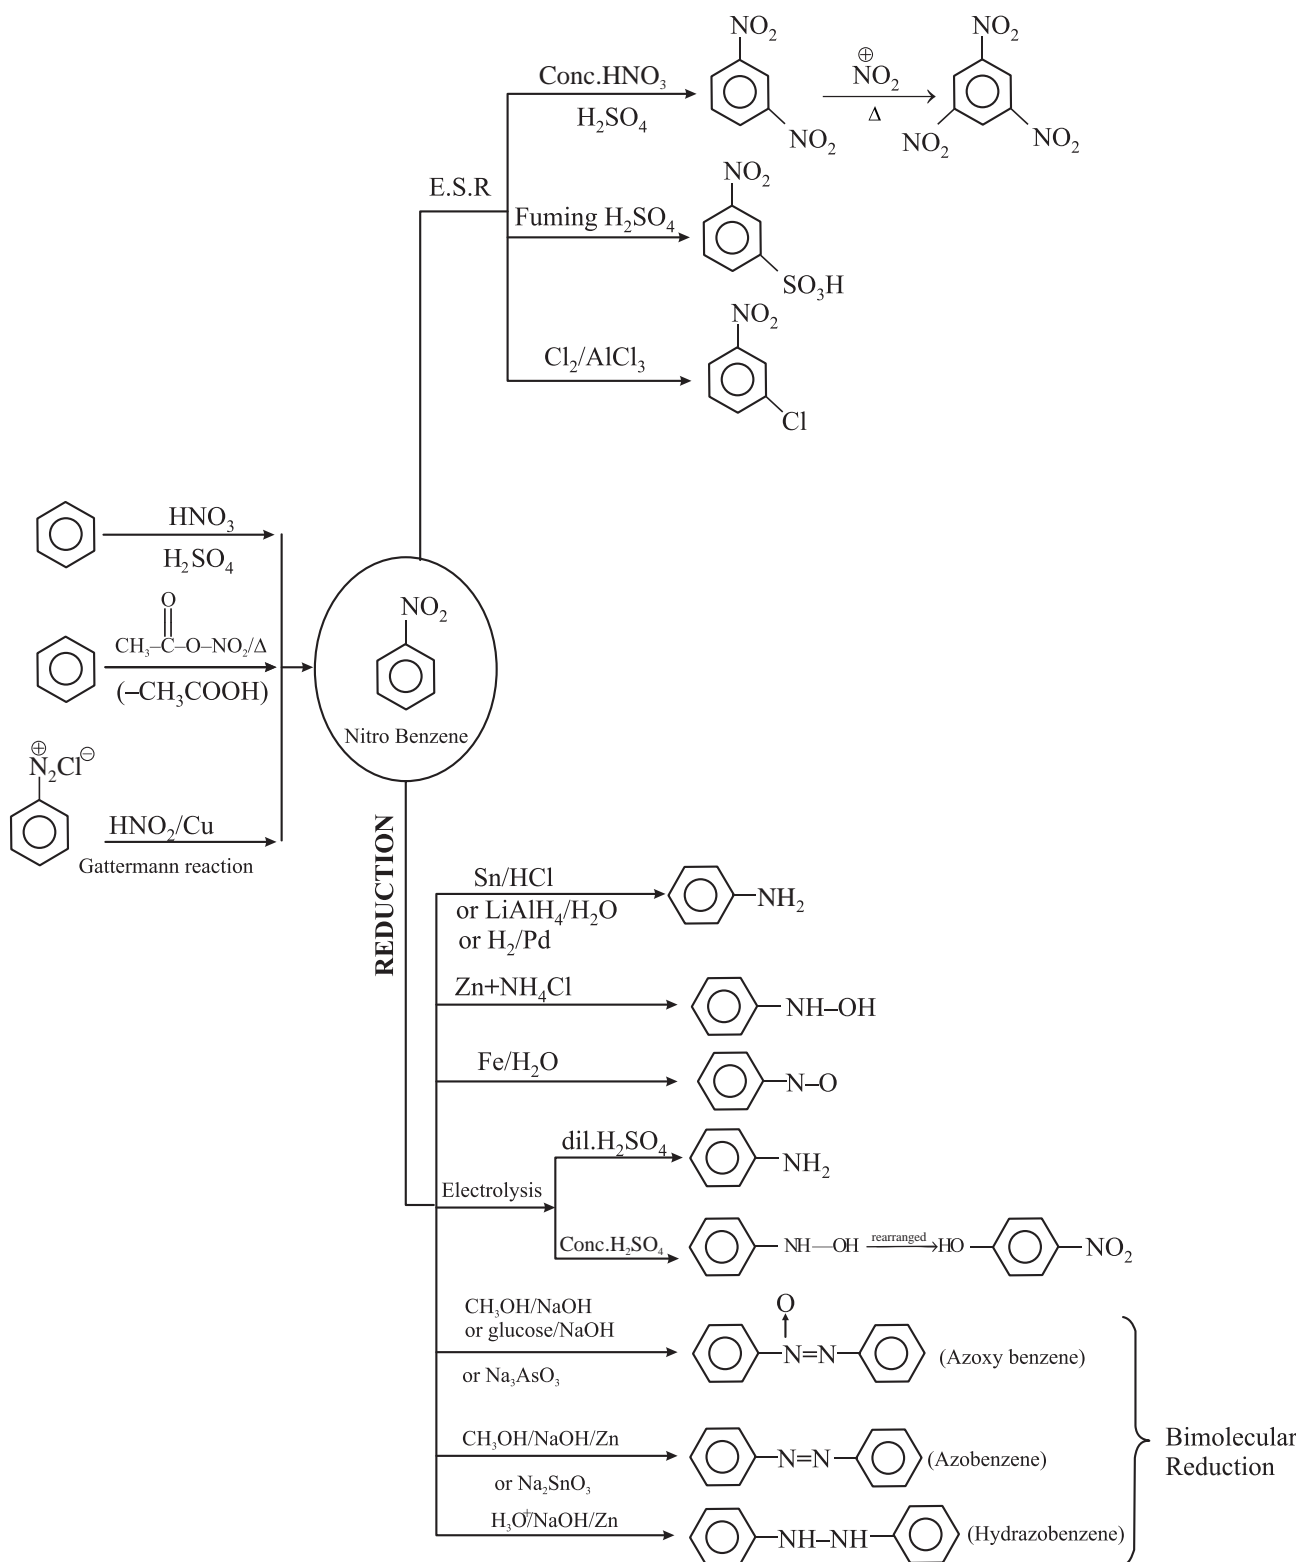

## Preparation Methods and Chemical Reactions of Alkyl Cyanide

## Preparation Methods and Chemical Reactions of Alkyl Isocyanide

## Preparation Methods and Chemical Reactions of Nitrobenzene

## Preparation Methods and Chemical Reactions of Nitroalkanes
